What made you enter the awards?

When I first saw the awards come through from trainer courses on my emails, I thought how exciting and what a great idea to get everyone involved in something positive, especially with what we are all still living through. I thought I would try and answer the questions and do the best I could to see how far this would take me, I sat there and for a few hours over a couple of evenings I went over my answers to explain in detail what was needed.

I am passionate about teaching and working in the care industry and I wanted that message to come across to anyone reading what I had written, for me being chosen as the Winner of the Registered Trainer of the Year Award 2021 meant I must be doing something right and finally someone had finally recognised that!

Meet the Judges

What do you look for as a judge?

"I'm looking for a trainer to express their personality, passion and their enthusiasm when describing their role. I like to see where a trainer has gone above and beyond, whilst supplying supporting evidence on any areas where they have excelled in".

**Philip Inglis, Head of Centre for Trainer Courses
Ltd**

"Offers excellent guidance, support and helps students develop as professionals with good supporting evidence in all areas is essential with examples of good practice".

**Sandra Parnell-Hopkinson, former Lead CQC
Inspector & Regulatory Compliance Consultant**

"As a Judge I look to see how trainers have developed their own knowledge and skills through continuous professional development (CPD). Once they have become a trainer it is really important to maintain their own CPD as this will have a positive impact on the learners they work with and they will be up to date with their own knowledge and understanding".
