# MEET THE REGISTERED TRAINER OF THE YEAR AWARD 2022 WINNER

## TRISTRUM HEGARTY

### “What made you enter the awards?”

I entered Trainer Courses Registered Trainer of the Year Award this year because it's an opportunity to be recognised for the hard work we do as Healthcare Trainers. Trainer Courses have been very supportive to me for many years, the resources they provide are great and the support they offer and provide to their Registered Trainers is excellent. I entered the awards last year in 2021 and I became a Finalist which I was extremely proud of, and when the awards reopened this year, I decided to apply again. When they announced I was the Winner I was so overwhelmed and I just couldn't believe it. I am so grateful and extremely proud to receive this award.

# Meet the Winner

## What does being the Winner mean to you?

Being the Winner means the world to me, because I did not expect to be the Winner and I still can't believe it. I have been working in the healthcare industry for many years as a Nurse and Registered Trainer running my own training company which I am extremely proud of. I would never have thought I would achieve something like this, it's absolutely amazing to be recognised by Trainer Courses and to be given such a special Award recognising my contribution as a Registered Trainer to the healthcare industry.

## What does being a Registered Trainer mean to you / your organisation(s) you represent?

As a Registered Trainer I have the privilege of supporting my teams, my organisations and my learners. I am so grateful for the continued support my colleagues and learners have provided to me over the years without them this would not be possible. I am proud to be able to provide training that supports healthcare workers in their role and their personal professional development. It makes me happy knowing that learners go away from my sessions feeling positive, refreshed, and wanting to make a difference to individual's lives. This makes my role as a Registered Trainer so rewarding and makes me proud to be a Registered Trainer.

## What would you say to Registered Trainers thinking of entering the awards in the future?

I would say to all Registered Trainers apply, you all work hard and do a fantastic job. You all deserve the recognition for your hard work and the support you provide to your learners. Working as a Registered Trainer has its challenges, but it is so rewarding and knowing that a learner attending your training session can make a positive difference to an individual's life is a great achievement.

## Where will you display your award?

I have displayed my winner certificates in my training premises and at work. My Glass Plaque Award is in a special place in my glass cabinet on display for everyone to see.
